The **Soldiers of Odin**, a fascist groupuscule, are conducting "patrols" of downtown Montreal to establish a presence there...

BEWARE!

This is group founded by neo-Nazis to advance racist and anti-immigrant ideas!

Have you seen these symbols or these people?

DON'T FALL FOR IT! DON'T PLAY THE RACISTS' GAME!

Under the false pretext of "protecting our communities" against the alleged threat of radical Islam, groups like the Soldiers of Odin and Atalante conduct "patrols" in working-class neighbourhoods hoping to gain broader legitimacy and support.

But their "charity" patrols are a tactic learned from other neo-fascist movements.

Recently, the Soldiers of Odin have been openly cooperating with Atalante, a neo-Nazi group based in Quebec City that has adopted European far-right tactics, including "whites only" charity events, under the rubric of "our people before the others."

Don't let our sad little local fascists use racist tactics in our neighbourhoods!

**BECAUSE THE OTHERS ARE ALSO OUR PEOPLE . . .
THE FASCISTS SHALL NOT PASS!**
